

SonvixTech 1-on-1 Cybersecurity Mentorship Program Brochure.

Your Personalized Journey to a Cybersecurity Career

At SonvixTech, we believe mentorship is more than teaching, it's about guiding you every step of the way to become a confident, job-ready cybersecurity professional. Our 5-month intensive mentorship program combines training, coaching, and practical support tailored to your career goals.

Program Outline

Month 1: Building a Strong Foundation

- ✓ Bootcamp on Information Security Essentials - Covering Governance, Architecture, Cloud Security, and Technology Operations.
- ✓ Introduction to Security Tools and hands-on labs.
- ✓ Initial Resume and LinkedIn Profile Optimization.

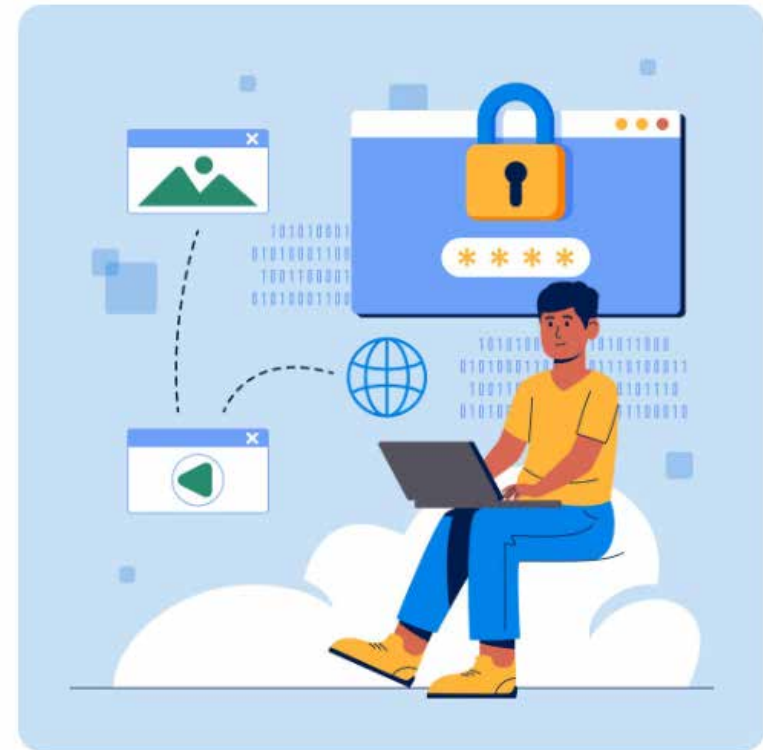

Month 2: Career Positioning & Application Strategy

- ✓ Resume and LinkedIn refinement sessions.
- ✓ Guidance on job application strategies (targeting the right roles, tailoring applications).
- ✓ Mentorship check-ins to align goals and track progress.

Month 3: Technical Growth & Simulations

- ✓ Mastering Information Security Tooling and Technologies (SIEM, Vulnerability Scanners, Cloud Security Tools).
- ✓ Technical interview simulations (up to 4 sessions this month).
- ✓ Continuous feedback from mentors.

Month 4: Advanced Coaching & Real-World Readiness

- ✓ One-on-One Expert-led Coaching & Mentorship Sessions.
- ✓ More Technical Interview Simulations (up to 6 sessions, advanced scenarios).
- ✓ Access to curated training resources on emerging cybersecurity topics.

Month 5: Career Launch & Ongoing Support

- ✓ Job Placement Support (continuous guidance, networking, referrals).
- ✓ Referral/Reference from mentors (on-demand).
- ✓ Capstone Mentorship Sessions: polishing interview confidence, industry readiness, and career mapping.

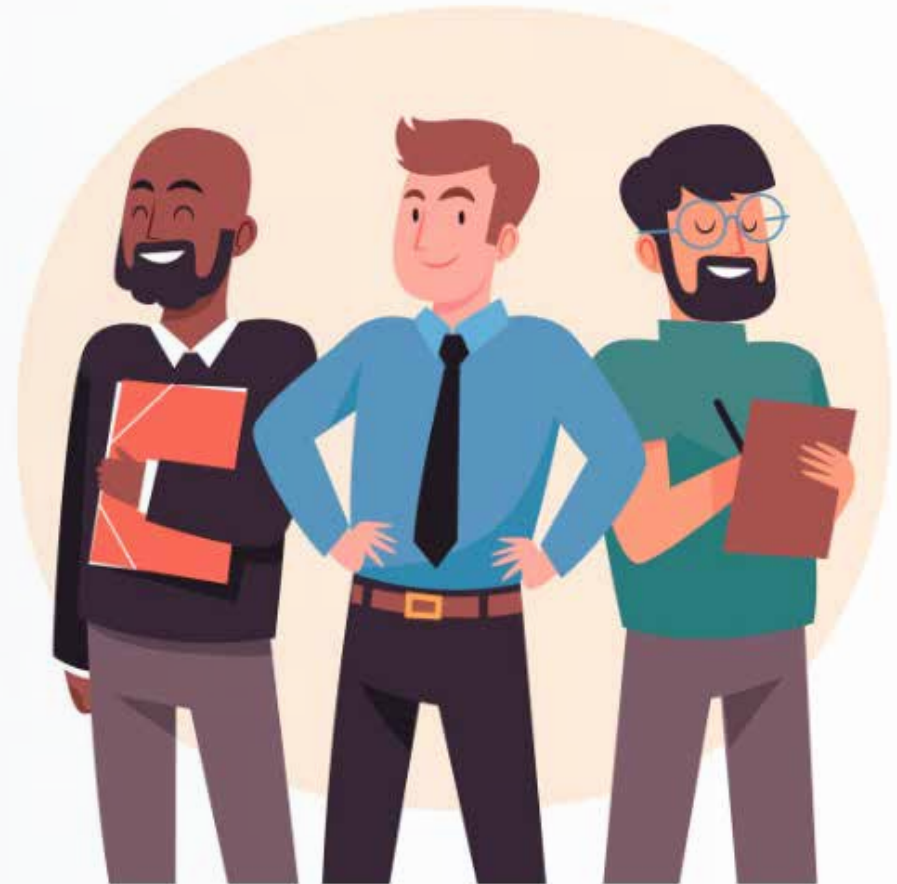

Program Benefits

- ✓ Structured 5-month roadmap to cybersecurity excellence
- ✓ 1-on-1 personalized mentorship with industry experts
- ✓ Hands-on exposure to real-world security tools
- ✓ Career-ready with optimized profiles and strategies
- ✓ Continuous support and networking opportunities

Who Is This For?

- ✓ Aspiring cybersecurity professionals
- ✓ IT professionals looking to transition into security
- ✓ Graduates seeking practical mentorship and industry readiness

Duration: 5 Months (Flexible Pace)

Format: Online (Live & Recorded Sessions)
